

Pediatric Diabetes Epidemic

TARGET AUDIENCE

This program is designed for registered nurses working with pediatric clients in various settings and for any registered nurses who desire to update their knowledge of pediatric diabetes. The information is also appropriate for other healthcare professionals such as MSW, RD, and therapists.

GOAL OF THE PROGRAM

To enable the learner to advocate for interventions to prevent the development of diabetes in the pediatric population and to more effectively assist in the management of care of those who are diagnosed with diabetes.

PROGRAM OBJECTIVES

At the conclusion of this program the participant will be able to:

1. Recognize the early signs and symptoms which may indicate a diagnosis of Type 1 Diabetes.
2. Identify the different types of insulin, their mechanism of action, and duration of action.
3. Understand how "play" can be used to help children cope with diabetes.
4. Understand the challenges and opportunities nutrition plays in prevention and management of the diabetic child.
5. Discuss the role of the school nurse and challenges the school nurse faces in the management of pediatric diabetes.
6. List two (2) resources for families and practitioners for pediatric diabetes management.
7. Plan a program of exercise for pediatric diabetic management.

COURSE DESCRIPTION

Diabetes in children is reaching epidemic numbers. The battle to turn the tide is a difficult and multidisciplinary one. For the purpose of prevention and management of those already diagnosed, we will explore diet, lifestyle, and medication management.

Dietitians, school nurses, a Pediatric Nurse Practitioner, exercise experts, and a Child Life Specialist will discuss what we need to do to change the predictions of even greater numbers of children with diabetes and include the latest interventions for managing diabetes in children.

AGENDA

February 21, 2014

- 7:45-8:15 Registration and Continental Breakfast
- 8:15-8:25 Welcome and Announcements
Pat Miller
- 8:25-9:25 Pediatric Diabetes Really is Different

FACULTY

Amy Arceneaux, APRN, PNP-BC

Ms. Arceneaux received her Master's degree from the University of South Alabama and is certified as a Pediatric Nurse Practitioner and Clinical Nurse Specialist. She has worked at the KIDS Specialty Center since 2009 and joined the Pediatric Endocrinology Clinic in 2013 where she manages pediatric clients with Type 1 and Type 2 diabetes.

Leslie Fontenot, RD, CDE, LDN, MS

Ms. Fontenot is a Registered and Licensed Dietitian/Nutritionist and a Certified Diabetes Educator. She prepares newly diagnosed diabetics and their families for discharge from the hospital and is employed at the Kids Specialty Center.

Janie Eldridge, CCLS

Ms. Eldridge is a Certified Child Life Specialist who works at Women's and Children's Hospital using play to assess children for knowledge and coping with diabetes.

Mary Miller, MS, RD, LDN, CSP

Ms. Miller is employed at Women's and Children's Hospital as a Registered Dietitian. She is certified as a Specialist in Pediatrics.

Julie Buller, BSN, RN

Ms. Buller is a school nurse working with Health Services for Lafayette Parish School System.

Becky Vincent, BSN, RN

Ms. Vincent is a school nurse working with Health Services for Lafayette Parish School System.

Breezy Rourk, BS

Ms. Rourk has her BS in Kinesiology concentrating in Health Promotion and Wellness. She is the Community Education Coordinator at Women's Foundation and she coordinates and instructs Kids on the Geaux, a pediatric weight management program.

Eugene Kwarteng, ACE SFG II

Mr. Kwarteng is a former athlete at University of Louisiana at Lafayette who has worked at Red Lerille's Health Club as a personal trainer for the past ten (10) years. He works with children and adults from 7-73 years old to achieve fitness.

SPECIAL NEEDS

University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, (337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.
