CV Update: Dysrhythmia Interpretation and Management

TARGET AUDIENCE
This program is designed for registered nurses working on any unit requiring EKG monitoring, including telemetry units, intensive care units, step-down units, emergency rooms, cath labs, and surgery.

GOAL OF THE PROGRAM
To increase the learner’s knowledge regarding EKG interpretation, including the identification of dysrhythmias and their most current, evidence-based treatment modalities.

PROGRAM OBJECTIVES
At the conclusion of this program the participant will be able to:

1. Discuss the importance of EKG monitoring as it relates to various cardiac diseases, pathophysiology, and procedures.
2. Review the anatomy and physiology of the electrical conduction system and explain how it relates to the mechanical events which occur during the cardiac cycle.
3. Analyze an EKG waveform by examining each segment, describing the significance of each segment, and recognizing normal from abnormal segments.
4. Identify various cardiac dysrhythmias by analyzing their EKG waveforms and patterns.
5. Discuss the most current, evidence-based treatment modalities for dysrhythmias, both lethal and non-lethal.
6. Interpret a variety of EKG rhythms and discuss the proper management of each.
7. Preview 12 Lead EKG interpretation as it relates to acute myocardial infarctions.

COURSE DESCRIPTION
Nationally recognized nursing educator, Ms. Mila Sprouse, will be joining us to explore EKG interpretation with a focus on dysrhythmia identification and management. Ms. Sprouse comes to us with a wealth of knowledge and experience to share. She is known for her unique presentation style and her ability to simplify complex information. To ensure we have a solid foundation, Ms. Sprouse will open the program with the basics of EKG and cardiac electrophysiology. She will then move into dysrhythmia interpretation and management, taking a close look at the most current, evidence-based treatment modalities for each dysrhythmia. Then, it will be your turn to practice what you have learned by interpreting EKG rhythm strips on your own, with Ms. Sprouse’s expert assistance just a step away. After lunch, Ms. Sprouse will give us a glimpse into 12 Lead EKG interpretation, focusing on identification of myocardial ischemia and infarction. This program is a MUST for any nurse who works on a unit which utilizes telemetry monitoring. Keeping your EKG knowledge and practice skills fresh and current will ensure your patients are receiving the quality care you strive to give.

CONTINUING EDUCATION
University of Louisiana at Lafayette College of Nursing and Allied Health Professions is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Louisiana State Board of Nursing – Provider # 9.

To receive 5.0 contact hours, the participant must attend the entire program, and complete and submit the Contact Hour and Evaluation forms.

DISCLAIMER
American Nurses Credentialing Center (ANCC) accreditation applies only to the educational content of the program. University of Louisiana at Lafayette College of Nursing and Allied Health Professions Continuing Nursing Education Program and ANCC Commission on Accreditation does not approve or endorse any product.

FACULTY
Mila Sprouse, RN, BSN, CCRN, CSC, CMC
Ms. Sprouse has thirty plus years of critical care nursing experience and is well known to many across the country for her fun, interesting, and informative teaching style. She has lectured extensively for CCRN and PCCN exam reviews, NCLEX reviews, medical/surgical reviews, and 12 Lead EKG classes, just to name a few.

Ms. Sprouse has worked as a staff nurse, charge nurse, educator, manager, and physician’s assistant for a cardiovascular surgeon’s group. Her mastery in presentation coupled with a wealth of knowledge from basics to advanced has afforded her recognition throughout the United States. She has presented and shared her experiences with more than 40,000 healthcare professionals throughout the country.

As evident from numerous positive evaluations, Ms. Sprouse makes complex information easier to understand. Her passion for teaching has led many prominent hospitals and organizations to turn to her for their cardiovascular nursing education. We are excited and honored to have her share this passion and knowledge with the nurses of Acadiana.

SPECIAL NEEDS
University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, (337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.

REFUND POLICY
REFUNDS WILL BE PROVIDED UNTIL FEBRUARY 23, 2015. NO REFUNDS WILL BE MADE FOR CANCELLATIONS AFTER FEBRUARY 23, 2015. FEE MAY BE APPLIED TO ANOTHER PROGRAM IF YOU CANCEL AT LEAST ONE DAY PRIOR TO THE PROGRAM.

For your convenience, the College of Nursing accepts telephone registrations with payment at the door. However, if the registrant fails to attend and does not pay registration, a bill will be mailed to the registrant.
