

FUNCTIONAL MEDICINE: Addressing the Underlying Cause of Disease

TARGET AUDIENCE

This program is designed for registered nurses and other healthcare workers who practice in various settings.

LEARNING OUTCOME

To educate the participant about the key principles and precepts which form the basis of Functional Medicine.

PROGRAM OBJECTIVES

At the conclusion of this program the participant will be able to:

1. Define the Functional Medicine approach to clinical practice.
2. Explain the underlying principles and precepts which guide Functional Medicine practitioners.
3. Differentiate between Conventional Medicine and Functional Medicine.
4. Identify how Functional Medicine is being mainstreamed through organizations, certifications, and clinics throughout the U.S.
5. Describe the major influences which contribute to chronic disease according to the Functional Medicine model.
6. Explain how the practices of Functional Medicine can be applied to the field of Cardiology.
7. Describe cardio-metabolic syndrome.
8. Explore the discipline of Genomics and describe how Functional Medicine practitioners utilize it to guide their clinical decision making.

COURSE DESCRIPTION

A shift is occurring in the treatment of disease to a focus on the patient as a whole and not the traditional disease-centered approach. Functional Medicine embraces this concept along with the tactic of searching for and addressing the underlying root cause of disease. Incorporating the latest in genetic science, environmental factors and lifestyle factors, Functional Medicine practitioners explore how each of these factors influence long term health and chronic illness. Experts will also reveal how Functional Medicine influences their healthcare practices as well as share their vast knowledge of how to incorporate Functional Medicine principles into patient care.

AGENDA

April 29, 2016

7:30-8:00	Registration and Continental Breakfast
8:00-8:05	Welcome and Announcements <i>Robbie Stefanski, MSN, RN</i>

SPECIAL NEEDS

University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, 337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.

FACULTY

Renee Beyer-Boudreaux, FNP

Ms. Beyer-Boudreaux received her BSN at the University of Louisiana at Lafayette in 2002 and her MSN with a specialty as a Family Nurse Practitioner in 2013 at Northwestern State University. She began training in Integrative Medicine through the Institute of Functional Medicine in 2015 and is planning on sitting for the certification exam in 2017. She is very passionate about comprehensive healthcare with a personalized approach. Ms. Beyer-Boudreaux is currently working in Baton Rouge with Dr. Stephanie Cave.

Stephanie Cave, MD

Dr. Cave received a BS in Medical Technology, a MS in Clinical Chemistry, and a MD from Louisiana State University Medical School. She completed her residency in 1986 and is board certified in Family Medicine. Dr. Cave served as a clinical preceptor for LSU Department of Family Medicine from 1986 to 2003 and is currently a preceptor for the Family Medicine Residency Program at Baton Rouge General Hospital. In 2013, she became a certified Functional Medicine practitioner. Her special interests are in epigenetics, allergy, autism, ADHD, nutritional medicine, and chronic fatigue. Dr. Cave is a published author and presently practices in Baton Rouge, LA.

Joy Duhon, ND

Dr. Duhon attended Oral Roberts University and received a bachelor's degree in Biology Pre-Med. After graduating from ORU, she attended the prestigious Bastyr University, a four year accredited Naturopathic Medical School in Seattle, WA where she earned her Doctorate in Naturopathic Medicine with a focus on prevention of disease and promotion of wellness in a primary care setting. Today, Dr. Duhon owns and operates her own naturopathic practice in Lafayette, LA where she partners with adults and children to identify the root cause of their health issues.

Lester L. Ducote, Jr., MD

Dr. Ducote earned his MD from LSU Medicine School in 1962 and practiced for many years in the field of Internal Medicine. In 1974, he completed a fellowship in Cardiology from Baylor College of Medicine in Houston, TX. Dr. Ducote has practiced as a cardiologist in Lafayette since 1974 and has also held the position as Medical Director of Cardiology at LGMC and of Cardiac Rehab at the Heart Hospital. He is a founding diplomat of the American Holistic Medical Association and is board certified in Functional Medicine. Currently, Dr. Ducote's practice focuses on prevention rehab, lifestyle changes, hormone therapy, and Functional Medicine.
