University of Louisiana at Lafayette
College of Nursing & Allied Health Professions
Continuing Nursing Education Program

Presents
Care of the Cardiac and Cardiovascular Patient

TARGET AUDIENCE
This educational activity is designed for registered nurses and other healthcare providers who are interested in keeping abreast of current issues in cardiac and cardiovascular care.

LEARNING OUTCOME
To increase the participants’ knowledge base regarding current evidence-based concepts, information, and practices in the area of cardiac and cardiovascular practice.

OBJECTIVES
At the conclusion of this educational activity the participant will be able to:
1. Describe the most recent advances and the latest evidence-based care in the realm of cardiovascular surgeries, such as coronary artery bypass surgery, valve replacement and repair, aneurysm repair, and RN minimally invasive CV procedures.
2. Review important basic concepts in peripheral vascular surgery.
3. Discuss contemporary management and upcoming vascular treatment techniques for multiple peripheral vascular diseases.
4. Explain the diagnosis, classifications, and causes of heart failure.
5. Describe current evidence-based treatment options for heart failure, including chronic management and palliative care.
6. Define TAVR and discuss the criteria included in the workup for the procedure.
7. Discuss post procedure nursing care of a patient undergoing TAVR and review TAVR cases.
8. Identify the latest advancements in tests and screening which aim to prevent cardiac and cardiovascular patient events.

COURSE DESCRIPTION
Heart disease is the number one cause of death in the world and the leading cause of death in the U.S., killing approximately 380,000 Americans a year. Cardiac nurses play a leading role in cardiovascular risk reduction both in and out of an inpatient setting. Along with risk reduction, nurses play an essential role in the management of acute cardiac events – recognizing the onset of an event and managing for best possible patient outcomes. Experts at this program will enlighten us with updates in cardiovascular surgery, heart failure, new and innovative cardiac procedures, treatment of peripheral vascular disease, and advancements in prevention and screening. If you are a nurse caring for cardiac and/or cardiovascular patients, you don’t want to miss out on this educational day.

AGENDA
October 20, 2017

7:30-8:00 Registration and Continental Breakfast
8:00-8:05 Welcome and Announcements
Robbie Stefanski, MSN, RN
8:05-9:05 Care of the Patient Undergoing Cardio-Vascular Surgery
Richard M. Dearman, MD, F.A.C.S.
9:05-9:15 Break
9:15-10:15 10 Things You Should Know About Peripheral Vascular Disease in 2017
Rached “Joe” Ghanami, MD
10:15-10:25 Break
10:25-11:25 Heart Failure Update
Marcus Montet, NP
11:25-12:25 Lunch Break (Available on site through the Petroleum Club, $18.00 cash or check payable to Petroleum Club or participant may leave and return at 12:25 PM)
12:25-1:25 TAVR: Treatment Option for Aortic Stenosis
Jackie Hebert, RN, MSN, ACNS-BC, CCRN-K
Erik J. Thomassee, MD, FACC
1:25-1:35 Break
1:35-2:35 Advancements in Prevention and Screening for Cardiovascular Disease
Deirdre Detraz, ANPC

CONTINUING EDUCATION
University of Louisiana at Lafayette College of Nursing and Allied Health Professions is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.
Louisiana State Board of Nursing – Provider # 9.
To receive 5.0 contact hours, the participant must attend the entire program, and complete and submit the Contact Hour and Evaluation forms.

DISCLAIMER
American Nurses Credentialing Center (ANCC) accreditation applies only to the educational content of the program. University of Louisiana at Lafayette College of Nursing and Allied Health Professions Continuing Nursing Education Program and ANCC Commission on Accreditation does not approve or endorse any product.

SPECIAL NEEDS
University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, 337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.

FACULTY
Richard M. Dearman, MD, F.A.C.S.
Dr. Dearman received his BA from Vanderbilt University in 1973 and his MD from Meharry Medical College in 1976. He spent 15 years in the army where he was stationed in Alaska, California, and Washington State. During this time he trained in General Surgery at Madigan Army Medical Center in Tacoma, Washington and also trained in Thoracic & Cardiovascular Surgery at Brooke Army Medical Center in San Antonio, Texas. Dr. Dearman did a 6.5 month tour in Saudi Arabia and Iraq during Desert Shield/Desert Storm. He is board certified in Cardiovascular and Thoracic Surgery and has been practicing in Lafayette since 1994 where he continues to be a leader in thoracic, vascular, and cardiac surgeries.

Dr. Rached “Joe” Ghanami, MD
Dr. Ghanami is a fellowship trained and board certified vascular surgeon. After originally growing up in north Louisiana, he went on to obtain his medical degree at LSU School of Medicine in New Orleans before moving to Little Rock, Arkansas where he performed a residency in General Surgery. He then went on to complete a vascular surgery fellowship at Wake Forest Baptist Hospital in North Carolina. In 2012, Dr. Ghanami and his wife moved to Lafayette where he practices and they are raising their four sons.

Marcus Montet, NP
Mr. Montet earned both his Master and Bachelor of Science degrees in nursing from University of Louisiana at Lafayette and currently is a nurse practitioner for Cardiovascular Institute of the South in Lafayette. Prior to joining CIS, he worked as a registered nurse at Lafayette General Southwest andMethodist Hospital in Houston, Texas. He also worked as a traveling registered nurse for American Nursing Services. He is board certified as a family nurse practitioner by the American Academy of Nurse Practitioners and is also licensed as a registered nurse and an advanced practice registered nurse.

Jacqueline L. Hebert, RN, MSN, ACNS-BC, CCRN
Ms. Hebert has been an RN for 40 years and 33 of those years have been spent working at the bedside in the ICU as a staff nurse, charge nurse, and preceptor. She was co-founder of OLO’S Rapid Response Team in 2005 and in 2008, she served as primary educator to the ICU staff at University Medical Center. Ms. Hebert is BLS, ACLS, and PALS certified in all disciplines. For the past 10 years, she has served as a full-time CNS at OLOL Regional Medical Center. She is also the TAVR Program Coordinator at OLOL and the Heart Hospital of Lafayette.

Erik J. Thomassee, MD, FACC
A native of Lafayette, Dr. Thomassee attended medical school at LSU in Shreveport and completed an Internal Medicine residency and a Cardiovascular Medicine/Interventional Cardiology fellowship at Vanderbilt University. He is board certified in Internal Medicine and Cardiovascular Medicine. During his fellowship, Dr. Thomassee served as chief administrator and gained specific expertise in Transcatheter Aortic Valve Replacement (TAVR) procedures. In addition to his private practice, he serves as the medical director of the Heart Hospital and Our Lady of Lourdes TAVR Program.

Deirdre Detraz, ANPC
Ms. Detraz earned her BSN in 2000 from Northwestern State University in Natchitoches, LA and her MSN specializing in adult health as a Nurse Practitioner in 2005. Her nursing background includes many years in critical care and emergency room nursing. After becoming a nurse practitioner, Ms. Detraz practiced with a cardiology group in Lafayette for 7 years, specializing in the care of patients with various cardiovascular conditions. Today, she is the sole practicing healthcare provider at Acadia’s first cardiovascular prevention center where she is affiliated with HASPA, the Heart Attack and Stroke Prevention Alliance and is a graduate of the Bale Donen Method preceptorship, a world renowned methodology for Preventing heart Attack.
