ADVANCED PRACTICE WORKSHOP

Essential Skills and Procedures for the APRN: Laceration Repair and Joint Injections

6.0 Contact Hours – APRN Approved

TARGET AUDIENCE

This educational activity is designed for Advanced Practice Registered Nurses (APRNs) working in primary care practice settings. Physician Assistants are also welcomed to attend.

LEARNING OUTCOME

To increase the learner's knowledge of the underlying principles and techniques necessary to perform safe and effective dermatologic and orthopedic procedures in the primary care setting.

OBJECTIVES

1. Review basic skin anatomy.
2. Describe the important components in evaluation of wounds and lacerations.
3. Explain various types of suturing techniques (simple-interrupted, continuous, mattress) and considerations for choosing optimal technique for closure.
4. Discuss types of pharmacological agents and methods of local anesthetics to reduce pain during laceration repair.
5. Explore other methods of laceration closure including staples and tissue adhesive.
6. Discuss incision and drainage of lacerations including scenarios to decide when I & D is clinically necessary.
7. Develop the skill of suturing and laceration repair through guided, hands-on practice with prosthetic models.
8. Review patients' history, x-ray findings, and examination to diagnose the etiology of joint pain and discomfort.
9. Identify the topographical anatomical structures and physical examination of the shoulder, elbow, hips, and knee through partnering with other participants.
10. Understand parenteral, injectable, and topical pharmacological agents delivered used in the treatment of degenerative joint disease, muscle spasm and other muscular skeletal diagnosis.
11. Develop the skill of joint injections using cooperative learning with a provided prosthetic model.

COURSE DESCRIPTION

Are you an experienced APRN making a transition to another specialty? Are you an APRN student or recent graduate looking to enhance your "know-how"? Are you a seasoned APRN who needs to brush-up on the latest evidence-based research in skills and procedures? If so, please plan to join us for our first APRN essential skills and procedures workshop, which will include the latest evidence-based information as well as hands-on practice using simulated models. Expert APRN's will lead this course and will cover a wide variety of advanced practice skills and procedures including laceration repair techniques, suturing, joint injections, and arthrocentesis. After gaining a foundation of knowledge regarding these skills, participants will apply this knowledge using simulated practice in small groups guided by experienced APRN's.

AGENDA

March 20, 2020

7:30-8:00	Registration and Continental Breakfast
8:00-8:15	Welcome and Announcements <i>Robbie Stefanski, MSN, RN</i>
8:15-9:15	Fundamental Principles of Laceration Repair
9:15-9:30	Break
9:30-10:30	Suturing Techniques: Simulated Learning with Guided Practice
10:30-10:45	Break
10:45-11:45	Fundamental Principles of Joint Injections: Part I
11:45-12:45	Lunch Break (Available on site through the Petroleum Club, \$19.50 cash or check payable to Petroleum Club or participant may leave and return at 12:35 PM)
12:45-1:45	Fundamental Principles of Joint Injections: Part II
1:45-2:00	Break
2:00-4:00	Joint Injections: Simulated Learning with Guided Practice

CONTINUING EDUCATION

University of Louisiana at Lafayette College of Nursing and Allied Health Professions is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Louisiana State Board of Nursing – Provider # 9.

To receive 6.0 contact hours, the participant must attend the entire program, and complete and submit the Contact Hour and Evaluation forms.

DISCLAIMER

American Nurses Credentialing Center (ANCC) accreditation applies only to the educational content of the program. University of Louisiana at Lafayette College of Nursing and Allied Health Professions Continuing Nursing Education Program and ANCC Commission on Accreditation does not approve or endorse any product.

SPECIAL NEEDS

University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, (337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.

FACULTY

Presenters and faculty for this workshop include seasoned APRN's who bring with them a wealth of clinical experience and educational backgrounds. Each faculty member has hands-on educational experience teaching APRN's the skills necessary to perform safe and efficient patient care.

Program Faculty

Christy Lenahan, DNP, FNP-BC, ENP-C, CNE

Lisa C. Bayhi DNP, ACNP-BC, FNP-BC, FAANP

Lee Lenahan, MD

Stephanie Arceneaux, MSN, APRN, ANP-C

James Blankenship MSN, APRN, FNP-C

Kathy Gondran, APRN, MSN, FNP-C

Johnica Hebert, MSN, FNP-BC, ANP-C, BSB

Mark Landry, FNP-BC

Athena Larson, MSN, APRN, ACNP-BC

Cheryl Mack AS, BS, NRP
(Simulation Operations Specialist)
